FULL-STACK SOFTWARE ENGINEER

The constant development required as a software engineer suits my aptitude for learning. Alongside my technical skills, I bring a unique blend of experiences including a background in accounting and a fixed-wing private pilot license.
I'm the multitool you want in your back pocket.

TECHNICAL SKILLS

Languages: JavaScript, Python, Ruby, SQL
Frameworks/Libraries: React, Redux, Flask, Ruby on Rails, Tailwind CSS, Next.js, Material UI, Mapbox, Active Storage
Tools: Git, Heroku, Render, Vercel, Postman
Databases: PostgreSQL
HTML/DOM, CSS, JSON, Rest API, MVC Architecture, Wireframing, Relational Databases, Entity Relationship Diagram, Excel, Visio, Tableau

TECHNICAL PROJECTS

Ski Colorado - Github
Organize your ski trips with this interactive map featuring resort details, in-app bookmarking tools, and user reviews
- Developed RESTful full stack application deployed through Render
- Utilized JS React frontend with MUI style components and a Rails API backend
- User authentication/authorization with bcrypt gem and session cookies middleware
- Leveraged Mapbox interactive map
- Implemented useContext to globally manage state and Active Storage to store files with each database record

Book Club - Github
A community space to share and discuss favorite books
- Full stack application with JS React frontend, MUI style components, and Rails API backend
- Features user authentication/authorization utilizing session cookies middleware
- Demonstrates MVC architecture and the use of Active Record for Object-Relational Mapping

Portfolio - Github
Personal site to showcase projects
- Single-page application with JS React deployed through Vercel
- Created with Next.js, applied App Router and layouts
- Styled using Tailwind CSS framework, mobile-first responsive design

EDUCATION

Flatiron School
Full Stack Web Development Certificate - JavaScript, React, Redux, Ruby, Ruby on Rails   03/2023
Women Take Tech Scholarship Recipient

Colorado State University - Pueblo
Bachelor of Science, Accounting - Marketing Minor   05/2019
